

What is the SICOG Partnership Program?

The Southern Iowa Council of Governments (COG) began the Partnership Program as an opportunity for private, non-government businesses and organizations to become a part of the COG's mission to provide various needed services to the region's cities and counties. Since 1973, SICOG has been active in Adair, Adams, Clarke, Decatur, Madison, Ringgold, Taylor and Union Counties. SICOG provides and administers numerous services in our area, many of which are described in more detail on our web site: www.sicog.com.

Through a cost sharing approach since 1973, professional technical services have been made available and affordable for all local governments in the eight county region. For most of the COG's history, professional services have been supported through a basic per-capita fee paid by member cities and counties, and other various state, federal, and local government sources. The Partnership Program philosophy is that all groups making up a community, including non-government entities like local businesses, are essential to promoting, advancing, and developing the community. An investment in the Partnership Program will give SICOG additional resources needed to continue our ability to provide high quality services to our communities, therefore increasing opportunities for the communities to thrive and grow.

The SICOG Partnership Program helps all groups interested in the future of southern Iowa achieve economic growth, increase business opportunities, establish and maintain affordable housing, achieve educational excellence, reduce taxes, enjoy recreational activities, and create jobs. The SICOG Partnership Program encourages all organizations and businesses to assist the professional staff at SICOG to continue to provide valuable services the organization has delivered over the past 44 years.

Accomplishments of SICOG & the Partnership Program

- Authored countless comprehensive plans, strategic plans, city codes, and economic development strategies to aid in the development our member communities.

Why Participate in the Partnership Program?

The Partnership Program of the Southern Iowa Council of Governments is a program that combines resources with various groups that have an economic interest in Southern Iowa. The partners invest for varying combinations of growth, economic opportunity, program development, and technical assistance. SICOG identifies strategies to achieve its objectives and provides professional, quality assistance to improve the social economic characteristics in Adair, Adams, Clarke, Decatur, Madison, Ringgold, Taylor, and Union Counties.

Under normal conditions, SICOG provides assistance to its members (incorporated cities and counties). In times of unusual or special conditions, SICOG may assist non-members (other than cities and counties) for temporary or opportunistic purposes such as housing, industrial development, job creation/retention, commercial development, subdivision development, housing buy-downs or rehabilitation, tax incentives, and legislative liaison.
